APPLICATION

The Adaptor KS-J1011-ADAPT-ACT fits in combination with the KS-J1011-ADAPT-GLO on an easy way to the portable spectral irradiance source KS-J1011. The adaptor is fixed with two screws reliable to the calibrator. No additional alignment work is required.

A light tight housing blocks environmental radiation from the surrounding. This system guaranties reliable calibrations in the laboratory and also outdoors during the day are possible.
